

Year 4 Spring  
'Hey Mr DJ'

Hello everyone!  
Welcome back, we hope you had a safe, relaxing and enjoyable Christmas holiday!  
Our topic for this term is 'Hey MR DJ!'

Maths

We will be continuing to focus heavily upon our times tables. Children will also practice number bonds to 10, 100 and 1000 as well as continuing with the development of their times tables knowledge. We will continue to use our four-rule calculations knowledge as well as learning new skills linked to decimals and fractions. Please encourage children to complete the weekly homework set.

PE

This term, the children will be taught a range of skills with Soccer 2000! We aim to try and get outside as much as possible.

RE

The children will be exploring 'Why do some people think that Jesus is inspirational?'

Art

Our Art learning will allow children the opportunity to work with a range of resources to create amazing artwork!  
We will look at famous artists and discuss their 'style.'

History

In History we will be using different resources to investigate and explore the past. We will look at music genres over the years and place them accurately on a timeline.

English

This term English will focus on non-chronological reports and poetry.  
We will explore the features of a non-fiction report and use our skills to write our own report on a well-known musical artist.

Our daily starters in English will continue to focus on spelling, punctuation and grammar. Please encourage children to practise weekly spellings.

Science

In Science, the children will begin their learning by exploring 'Sound' before moving onto Electricity after the half-term break.

MFL

In Year 4, the children will continue to learn French. We will be looking at animals, including pets and zoo animals. Children will also be learning to name different types of clothing.

DT

Our DT learning will be linked to our thematic learning of 'Hey Mr DJ'.  
We will be creating a musical stage using junk material and some scientific equipment.

Geography

In Geography we will be looking at musical genres and instruments from around the world. We will use our map skills to help!

Computing

The children will continue to retrieve and save information linked to our topic. We will use a range of programmes to further our learning.

### Music

Children will have the opportunity to listen to a range of musical genres and learn to understand the meaning of different musical vocabulary before creating their very own musical piece to perform. They will also have a teacher from the Wolverhampton Music School to help them learn to play a musical instrument!

### PSHEe

During the first half term, children will continue to learn about relationships including online relationships. We will also continue to teach the children about the importance of E –Safety, as it is more important now than ever with lots of learning being completed online!
