

Year 2 Autumn

Year 2 Autumn Welcome to Year 2! We hope that you all had an enjoyable summer holiday and that you have spent much needed quality time with your family. Autumn is a busy term full of learning and we cannot wait to get started!

Maths

We will be continuing 'Maths Mastery' this year to Year 2. Mastering maths means pupils of all ages acquiring a deep, long term, secure and adaptable understanding of the subject. Children will have a daily maths lesson that reinforces learning and allows children to take on new skills and apply these in a range of contexts. The daily maths lesson is structured to include mental skills, teaching points, independent learning and reflection time. Children work individually, in pairs and as a group to solve calculations and problems. This term we will be focusing on numbers 10 to 100, calculations within 20, fluently adding and subtracting within 10 as well as addition and subtraction of two-digit numbers. Children will also have four 10 -15 minutes Mastering Number sessions each week becoming secure within 10 and fluent in an appropriate strategy for working within 20.

English

In English, children will continue to practise spelling, grammar, handwriting and punctuation while applying this knowledge in stories, information texts and poems. Throughout the year, children will work towards securing their punctuation when writing and will be encouraged to use expanded noun phrases when adding description to their writing. Expanded noun phrases give more detail about the noun i.e. rather than 'The crocodile swam in the water.' we encourage children to expand on the nouns using adjectives (describing words) so the sentence could become, 'The hungry, green crocodile swam slowly in the warm, shallow water. Children will also continue to secure the use of conjunctions in their writing.

Science

As Scientists, children will focus on 'Materials'. They will describe different materials and identify the uses of them.

PSHE

Our focus this term will be on Relationships. Children will have the opportunity to discuss their thoughts and opinions on managing their feelings, friendships and asking for help. Children will also learn about safe relationships and respect for themselves and others.

P.E

This term children will learn how to use their bodies and equipment with greater control and co-ordination. We will be developing our skills in Net and Wall and Multi-skills.

Thematic

Our thematic units are cross-curricular, covering all the traditional subjects as well as more contemporary areas of study such as sustainability and well-being.

Our first theme this term will be 'Inter-Nation Media Station'. "Inter-Nation Media Station" is a thematic unit, based on media and broadcasting, with a key focus on history, through which pupils will learn about early methods of communication, leading to the invention of both the television and radio. Pupils will develop confidence in oracy, through opportunities to work on their own broadcasts.

Our second theme will be 'Paddington's Passport'. "Paddington's Passport" is a thematic unit based around Conjunctions are joining words such as and, because, so, but, if, when etc. and they are used to expand or join ideas. the worldwide travels of Paddington Bear, with a geography focus. We will look first at Peru, including the Amazonian rainforest (of which Peru has the second largest portion after the Brazilian Amazon). Then, the focus is on London, reinforcing previous learning about the UK within the global context of continents and oceans.

Towards the end of the term, children will also learn about Elizabeth Blackwell (born in Britain, she was the first female to qualify as a doctor in the USA).

MFL

Modern Foreign Languages will focus on French. Children will be given informal opportunities to experience and use the language.

RE

During the term we will be exploring Stories of Moses and how they are important to Jewish and Christian people.
